## NOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, know-ing well that they ought to have immediate assistance.

Immediate assistance.
How many women do you know who are perfectly well and strong?
The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable gesult. The best remedy for all these symptoms is and sleeplessness.
